

IRISH TRAVELLERS

What are Irish Travellers? Where do they come from? What do they do? How are they viewed by others? What makes them different? Are they outsiders by choice? All useful questions to ask in order to understand them better. Using a collection of excerpts taken from fairly recent articles about Irish Travellers, your assignment is to write a paragraph taking a position on whether they deserve to be seen as a group to not be trusted. Options: "Irish Travellers Should Not Be Trusted" or "Irish Travellers Deserve To Be Respected"

To guide you in your writing, attach at least three examples for each category of information below:

Who are they?	Where do they live?	What positive things are said about Travellers?	What negative things are said about Travellers? (facts)	What negative things are said about Travellers? (opinions)
